March, 1997

Dear Child Safety Advocate:

The Snowmobiles & Youth resource packet contains materials that may be relevant to your injury prevention efforts related to snowmobiles. This packet contains several revised and selected new materials. Components are intended to provide professionals with relevant injury facts, suggestions for prevention, and approaches to safe operation of snowmobiles. Items included were developed with funding from the Maternal and Child Health Bureau.

Feel free to contact the CSN Rural Injury Prevention Resource Center if you would like to discuss the contents of this packet or other rural injury prevention efforts. Additional packets may be purchased at a cost of \$3 each. You may also copy any of the materials for educational purposes. We would appreciate being acknowledged as the source of information and notified of the use of the materials. We are interested in your comments regarding the information provided in this packet. Comments can be directed to the CSN Rural Center

Sincerely,

Barbara Lee, RN, PhD  
Director

Chris Hanna, MPH  
Program Manager
